

Fraud Alert – May 7, 2008

Municipal Credit Union (MCU) has reported that someone had produced counterfeit MCU official checks. Please see the notice below for additional information.

Counterfeit checks – Municipal Credit Union

May 7, 2008

Dear Compliance Compadre/Compatriot/Comrade:

The Municipal Credit Union (MCU) has reported that someone has produced counterfeit MCU Official Checks. At present, the checks instruct the check holder to look for three indicators to verify the validity of the check. All three indicators do not appear on the check. However, if you should receive any MCU official check(s), **please verify the check through Integrated Payment Systems at 1-800-223-7520**. If there is another number on the check to verify the validity, please disregard it and contact the number listed in this memo.

Sincerely,

NYSCUL Compliance Department
