

**Member Alert – May 21, 2008**

This alert provides a notice of a new application that was developed in an attempt to reduce fraud related to alterations and counterfeits of U.S. Treasury Checks.

**Application developed to reduce fraud of U.S. Treasury checks.**

**Treasury Check Verification Application – May 20, 2008**

The U.S. Treasury's Financial Management Service has announced the release of its Treasury Check Verification Application (TCVA). With this new application, the issuance of U.S. Treasury checks may be verified in an attempt to reduce fraud related to alterations and counterfeits. TCVA is available on the Financial Management Service website at <https://tcva.fms.treas.gov>. The application is accessible from 6:00 a.m. to 6:00 p.m. EST, Monday through Friday.

A link is also available at the site for information related to U.S. Treasury check security features.
